

## 21days winter school training on “Advances in Molecular Biology for Diagnosis and Control of Infectious Diseases”

ICAR sponsored 21days winter school training on “Advances in Molecular Biology for Diagnosis and Control of Infectious Diseases” was concluded at valedictory function on 21/12/2016 at College of Veterinary Science and A. H., SDAU, Sardarkrushinagar in the august presence of Dr. Gaya Prasad, Hon’ble VC, Sardar Vallabhbhai Patel University of Agriculture and Technology, Meerut, Dr. S. Acharya, Director of Research and Dean PG studies, Dr. H. N. Kher, Registrar and HRD, Dr. D. V. Joshi, Dean, College of Veterinary Science and A.H. and Dr. B.S. Chandel, Course Director. Dr.D.V.Joshi welcomed the gathering and appreciated the team work of Department Animal Biotechnology and Veterinary Microbiology for the successful completion of winter school training. Participants also expressed their experiences regarding the training programme. Exhaustible multidisciplinary lectures, hands on training and industry visit was highly acknowledged and appreciated by all the participants. Dr. H.N.Kher, Registrar and HRD encouraged the participants to share their views on the said training programme. Dr. S. Acharya expressed his views that advances in molecular techniques in disease diagnosis will certainly be helpful in their future research work. Dr. Gaya Prasad in his presidential speech narrated the world scenario of agricultural research and challenges that are to be addressed for food security in the country. He also gave a call to all the participants to come forward, innovate and adopt advances in molecular techniques for disease diagnosis in the current scenario. Certificates were distributed to all participants. The programme was concluded with vote of thanks by Dr. B. S. Chandel.
